RELEVANT EXPERIENCE

General Assembly

Washington, DC

Web Development Immersive

January 2017 – April 2017

- 3 Month Intensive Bootcamp for Full-Stack Web Development with heavy influence on autonomous learning
- Completed over 500 hours of coding and study
- Finished 4 Projects, including the following samples:

[Tower of Hanoi](#) | [GitHub](#)

- First Project for General Assembly, completed two weeks into the program
- Online Replication of the Tower of Hanoi puzzle
- Refactored out over 400 lines of code on my own initiative
- Technologies Utilized: JavaScript, jQuery, HTML + CSS

[DeliverWe](#) | [Github](#)

- This app allows users to connect with other people in their office or school who are ordering food so that delivery orders can be consolidated
- Accounts for Tax and splits Delivery Charges and Tip evenly, creating a detailed and accurate bill covering who owes what for the order
- User Authentication allows for control of editing allowances and displays accurate message boards displaying your messages and those of others
- Technologies Utilized: Ruby, Rails, and ActiveRecord
